The Trump Organization and
The Relationship Bank Group
(Consisting of:
Bankers Trust Company
The Chase Manhattan Bank
Citibank, N.A.
Manufacturers Hanover Trust)

At the request of Donald J. Trump and The Trump Organization ("Trump"), we have performed certain procedures as enumerated herein, with respect to the Trump financial information listed on Attachment A.

ENGAGEMENT OBJECTIVE

The procedures were performed to assist Trump and the Relationship Bank Group in connection with the Trump debt restructure negotiations.

This report is solely for the information of Trump and the Relationship Bank Group (and the other Trump direct lenders and loan participants) and should not be used by those who did not participate in the negotiation process. This report contains highly confidential and sensitive information which is vital to Donald J. Trump, Trump, and the collateral of the Relationship Bank Group and the other lenders. Dissemination or disclosure of any or all of the contents of this report could adversely affect these interests. The objective of our procedures was to provide financial information within an acceptable tolerance level and the time frame allowed to serve as a framework for negotiations between Trump and the Relationship Bank Group. As a result of the time constraints resulting directly from Trump's financial obligations, the procedures performed were limited. During this period, we met periodically with the Relationship Bank Group, both individually and collectively, at which times we provided and discussed draft preliminary financial data, integrated their comments and recommendations into our process and shared information. Further, during this process, we began similar discussions with other direct lenders. The financial information and disclosures included in this report supersede all previously distributed data, including projected cash flow information distributed on June 2nd and June 7th.

CAVEATS

Notwithstanding the previously mentioned limitations with respect to our overall procedures, the following issues, in particular, could not be fully addressed:

CAVEATS (CONTINUED)

- final quantification of Taj Mahal Casino Resort contractors' payables and determination of related payment plan
- full evaluation of the amounts and aging of trade and other accounts payable at the various properties and entities
- legal ability of Taj Mahal Casino Resort to pay management fees to a Trump affiliate on a monthly basis
- quantification and legal analysis of contingent liabilities, including litigation, marital issues, letters of credit and Donald J. Trump's personal guarantees
- quantification of liabilities and contingent liabilities relating to Amels Holland B.V. (the boat yard)
- federal and state income taxes - neither the List of Assets nor the Pre-Plan Budget/Post-Plan reflect income taxes, particularly the estimated taxes, if any, relating to the differences between the estimated asset values and the estimated current amounts of liabilities and their tax bases.

PROCEDURES PERFORMED

A summary of specific procedures performed is presented in the addenda section to this report.

CONCLUSIONS

Because the procedures described in the addenda section do not constitute an examination of prospective financial information (Pre-Plan Budget and Post-Plan) in accordance with standards established by the American Institute of Certified Public Accountants, we do not express an opinion on whether the prospective financial information is presented in conformity with AICPA presentation guidelines or on whether the underlying assumptions provide a reasonable basis for the presentation. Additionally, no opinion is expressed with respect to any historical financial information.

Schedule I, Donald J. Trump - List of Assets, includes estimates of property and entity values which are based upon different valuation methodologies and, in selected situations, are presented either net of arbitrary decreases or in a range. Our procedures were not sufficient to enable us to form any conclusions with respect to value. A further discussion of the various valuation methodologies, approaches and limitations is presented in the procedures addendum to this report.

CONCLUSIONS (CONTINUED)

In connection with the procedures, subject to the limitations and caveats referred to above, no matters came to our attention that caused us to believe that the financial information should be adjusted in order to provide a framework for negotiations between Trump and the Relationship Bank Group within an acceptable tolerance level and the time frame allowed. The financial information assumes Trump will continue as a going-concern. Unless a debt restructuring agreement is reached with substantially all of the lenders, it is probable that most of the prospective financial information will be materially and adversely effected. Also, because of the circumstances and attending publicity, it is possible that there may be material adverse changes even if substantial agreement is reached (i.e. revenue reductions, litigation, payables compression, etc.). Had we performed additional procedures or had we made an examination of the financial information in accordance with standards established by the American Institute of Certified Public Accountants, matters might have come to our attention that would have been reported to you. Furthermore, there will usually be differences between the projected and actual results, because events and circumstances frequently do not occur as expected, and those differences may be material. Specifically, the Pre-Plan Budget and the Post-Plan analysis through April 1991 are subject to the following significant variances:

<u>Description</u>	<u>Explanation</u>
Taj Mahal Casino Resort	The Taj Mahal Casino Resort began operations on April 2, 1990. Accordingly, sufficient comparable historic market and property operating data is not available to provide a basis of comparison to budgeted estimates.
Trump Shuttle	Trump has adopted a revised business plan of cost reductions and revenue diversification intended to achieve substantially a "break-even" after senior debt service and capital expenditures. The Trump Shuttle has historically experienced significant losses (including funding of capital expenditures) and has not, to date, achieved the business plan objective.
Casinos (including Trump Plaza Hotel & Casino, Trump Castle Hotel & Casino and Taj Mahal Casino Resort)	The casinos' revenues are subject to unpredictable variables and statistical criteria, including market growth, competitive position and "hold/win" percentages.

CONCLUSIONS (CONTINUED)

<u>Description</u>	<u>Explanation</u>
Post-Plan	The Post-Plan analyses reflect the debt restructure agreement Term Sheet, as of June 14, 1990 (Exhibit II reflects Term Sheet, as of June 20, 1990), projected capital transactions and strategic operational modifications and goals. The realization of these projected cash flows from Trump's businesses and properties are subject to general market uncertainty. Additionally, the amounts reflected as strategic operational modifications and goals reflect a portion of Trump's upside budget scenarios.

We have no responsibility to update this report for events and circumstances occurring after the date of this report.

GENERAL

- Read Donald J. Trump Statement of Financial Condition dated November 30, 1989 and accompanying review report of Arthur Andersen & Co.
- Read Schedules of Donald J. Trump Cash Requirements through April 1991, including related summaries of property and entity activity and accompanying agreed-upon procedures report of Arthur Andersen & Co.
- Discussed these reports with Trump management and obtained a preliminary understanding of the business operations of the individual operating properties and entities
- Obtained the following historical data from Trump:
 - abstracts of debt agreements
 - most recent audited/reviewed annual historical financial statements on individual properties and entities
 - current interim financial statements (as available)
 - other relevant documents such as management agreements, indentures, appraisals, etc. (where pertinent sections were read)
- Prepared Asset Listing (Schedule I) based upon the above information and procedures (Note: this schedule also presents debt and value information. Accordingly, see debt and valuation procedures)
- Met individually with the Relationship Bank Group and discussed financial information, related data, issues and potential restructure strategies
- Obtained from Trump, current budgets/cash flow projections from June 1, 1990 - April 30, 1991 for Donald J. Trump and all significant individual properties and entities
- Obtained a listing of cash balances from Trump at May 31, 1990 for all operating properties and entities, which was compared to December 31, 1989 balances and considered in the analyses of working capital changes in the Pre-Plan Budget
- Obtained concurrence from Trump management as to the Pre-Plan Budget and Post-Plan
- Met collectively with the Relationship Bank Group and held various individual meetings and discussions, to discuss the Pre-Plan Budget and Post-Plan
- Read most current (as available) tax returns of Donald J. Trump (including 1990 tax projection), various affiliated partnerships and corporations and obtained a limited understanding of the current tax status

DEBT SERVICE

PRE-PLAN BUDGET:

- Read the following data:
 - Dreyer and Traub ("D&T"), counsel to Trump, memorandum (May 20, 1990 draft and May 25, 1990 final re: estimated value, debt structure and financing restrictions on certain real and personal properties owned or controlled by Donald J. Trump)
 - D&T memorandum (January 3, 1990 and updated at April 30, 1990 re: Trump transactions - maturity and expiration dates and business terms)
- Discussed and resolved with D&T significant discrepancies between D&T data and other relevant information derived from various Donald J. Trump and Trump financial statements
- Prepared the Debt Schedule (Schedule II), which summarizes significant loan terms
- Calculated debt service under the following scenarios:
 - that all principal and interest payments would be made on a timely basis as required by the agreements, to determine cash flow effects
 - that scheduled principal and interest payments would be paid currently, as required, and that all loan maturity dates would be extended under the same loan terms for the purposes of the Pre-Plan Budget
- Compared calculated debt service in the Pre-Plan Budget with management's budgeted debt service, and discussed significant differences with management

POST-PLAN:

- Calculated monthly interest amounts subject to the interest moratorium as outlined in the Relationship Bank Group's June 14, 1990 Term Sheet (Exhibit II reflects Term Sheet, as of June 20, 1990)
- In connection with the provisions of this Term Sheet, presented amounts of initial draw and related interest costs

ESTIMATED VALUE

Overview

- Prepared Section A of Schedule I which presents three scenarios of estimated values for the individual assets indicated
- Disclosed to the parties at interest that these scenarios present classifications of estimated value based upon different methodologies as discussed below

Company's Asset Values

- Noted that Trump's asset values were generally derived from Donald J. Trump's personal financial statement prepared as of November 30, 1989
- Were informed by management that certain of Trump's estimated values include premiums for various trophy characteristics
- Noted, based upon discussions with management, that certain of Trump's values were adjusted for certain market conditions and events since the November 30, 1989 Donald J. Trump Statement of Financial Condition
- Correlated Trump's value of the Plaza Hotel to the outlined terms of a previous potential transaction
- Were informed by management that Trump's value of the Grand Hyatt was based upon Trump's understanding of the value conclusion of a current lender commissioned appraisal

Going Concern Market Values

- Disclosed to the parties at interest that Going Concern Market Values represent preliminary estimates of potential value ranges
- Similarly disclosed that, except as discussed below, these estimates were developed by Kenneth Leventhal & Company based upon certain analytical tests including discounted cash flow analyses and correlations to selected available comparable sales data
- Further disclosed that these analytical procedures were not sufficient to conclude as to either values or a range of values but were performed in connection with the preparation of a framework for negotiations and discussions with lenders
- Excluded, from these preliminary estimates of potential value, premiums for trophy characteristics, discounts for short-term dispositions, and the effects of adverse publicity or other negative events

Short-Term Liquidation Values

- Obtained ranges and indications of Short-Term Liquidation Values from various lender representatives within the Relationship Bank Group during ongoing discussions

ESTIMATED VALUE (CONTINUED)

Specific Assets Valued At Cost

- Indicated the Going Concern Market Value of certain assets at cost, reported by Trump, as discussed below
- Presented the value of the Taj Mahal at cost because of the lack of both an operating history and estimable operating expenses on a continuing basis
- Presented the value of the Trump Regency at cost because the premise of value, either under a sale to a third party for future casino operation or as an operating hotel, was not subject to analytical estimation within the time frame
- Presented the value of the land parcels adjacent to and under the Trump Plaza and adjacent to the Taj Mahal at cost due to the lack of sufficient data to correlate value to comparable land sales

Other Valuation Approaches

- Developed estimates of the Going Concern Market Value of the following assets as explained below:
 - Valued the Trump Shuttle based upon arbitrary deductions from acquisition cost to reflect continued operating losses through May 1990 and effects of Pan Am's announced plans to sell its shuttle operation
 - Noted that Trump intends to implement certain operational changes, including cost cutting measures, which would effect valuation analyses at current operational levels
 - Further noted that the extent and timing of these operational improvements is not estimable at this time
 - Valued both helicopter Air Services and Trump Plaza of the Palm Beaches based upon the respective balances of outstanding debt less the personal guarantees of Trump
 - Valued land at Penn Yards based upon discussions with Trump's counsel and management regarding potential rezoning, an estimated value per F.A.R. square foot assuming a rezoning and a discount for rezoning risk
 - Valued personal residences in aggregate based upon the amount presented in Donald J. Trump's Statement of Financial Condition dated November 30, 1989

PERSONAL

SALARY, FEES, INTEREST INCOME
INTEREST ON PERSONAL CREDIT LINES(1)
LEGAL/BUSINESS AND CHARITABLE CONTRIBUTIONS
PERSONAL AND HOUSEHOLD EXPENSES

PRE-PLAN BUDGET:

- Compared the monthly budgeted amounts with actual receipts and payments for both 1989 and the first four months of 1990
- Discussed significant variations with Trump and correlated differences to Pre-Plan Budget

POST-PLAN - CAPITAL TRANSACTIONS:

- Computed monthly interest savings for Bear Stearns resulting from the projected sale of Alexanders stock at outstanding debt amounts

(1) Note: See Debt Service Procedures

ALIBAN, INC. (TRUMP PRINCESS YACHT)

PRE-PLAN BUDGET:

- Discussed, with management, plans, including estimated timing and amounts, for disposition of the yacht and for lower levels of operating expenses
- Computed monthly cost savings from reduced levels of both personal and Trump Castle use, based upon discussions with management

POST-PLAN - CAPITAL TRANSACTIONS:

- Computed cash flow from assumed sale of yacht at a gross price of \$70,000,000, net of debt as an adjustment to the Pre-Plan Budget
- Calculated remaining operational monthly savings as a result of this projected capital transaction

AMELS HOLLAND B.V.(The Boat Yard)

PRE-PLAN BUDGET:

- Discussed, with management, the status of boat yard shutdown, including commitments and contingencies
- Read memorandum from foreign correspondent which summarized related status and outstanding issues to be addressed

CRYSTAL TOWER ASSOCIATES (TRUMP REGENCY)

PRE-PLAN BUDGET:

- Read the monthly budgets for the twelve month period from June 1990 - May 31, 1991 prepared by the Trump Regency management in May 1990
- Adjusted the June 1990 Trump budget downward to reflect both seasonality differences and the ongoing renovation to estimate the revenues and expenses
- Used respective monthly amounts for May and June 1990 Pre-Plan Budget
- Assumed a net lease arrangement, beginning July 1, 1990 between the Trump Regency and the Trump Plaza Hotel & Casino, to provide a monthly net cash flow equal to 50% of the Trump Regency's debt service for the next twelve months (75% of debt service for the subsequent twelve month and 100% of debt service thereafter)

DONVAN ENTERPRISES, INC. (PERSONAL AIRCRAFT)

PRE-PLAN BUDGET:

- Analyzed monthly Atlantic City market data on casino win to estimate the seasonality trend of the market
- Applied these seasonality trend factors to Donvan's annual budgeted revenues for 1990 and 1991 to calculate monthly revenue estimates
- Adjusted the 1990 and 1991 budgeted expenses to derive monthly Pre-Plan Budget amounts
- Discussed anticipated capital expenditures with management and reflected these discussions in monthly Pre-Plan Budget

POST-PLAN - CAPITAL TRANSACTIONS:

- Discussed proceeds from assumed sale of 727 with management
- Computed related monthly expense savings

EAST 61ST STREET COMPANY (RENTAL UNITS)

PRE-PLAN BUDGET:

- Discussed, with management, the mortgage receivable from the co-op association and were advised that the current face amount approximated \$20,000,000 plus deferred interest of approximately \$4,000,000
- Discussed, with management, estimated monthly amounts of mortgage interest collections
- Read Trump's operational schedule of unsold units, including the rent roll and maintenance costs, and correlated these amounts to the Pre-Plan Budget
- Compared budgeted consulting fee expenses charged to allocated amounts from Trump Corporation's budget of corporate consulting fee income
- Compared budgeted amounts with actual results from 1989 and the first four months of 1990 and discussed significant variations with management

TRUMP PARC CONDOMINIUMS AND
PARK SOUTH ASSOCIATES

PRE-PLAN BUDGET:

- Read and discussed, with management, rent roll and vacancy projections for apartment building and commercial spaces
 - Discussed issues affecting potential co-op conversion of the 100 Central Park South adjacent building with management
- Correlated this revenue information to amounts indicated in the Pre-Plan Budget
- Read and discussed Trump's capital budget, including amounts and timing of capital expenditures
- Correlated these discussions to Pre-Plan Budget
- Read condominium sales contracts (noting sales prices and unit numbers)
- Discussed estimated future sales and the above sales contracts with Trump and correlated these discussions to Pre-Plan Budget
- Read analyses prepared by the Relationship Bank Group, related these analyses to budgeted amounts and discussed significant variations with both Relationship Bank Group and management

PENN YARDS ASSOCIATES (LINCOLN WEST)

PRE-PLAN BUDGET:

- Discussed with management remaining interest reserve on mortgage loan and expenses for legal and other zoning process costs
- Related these discussions to budgeted amounts
- Compared budgeted amounts for payroll and consulting contract fee expenses from Trump Corporation's budget of payroll and consulting contracts
- Read the First Amendment of Limited Partnership Agreement of Penn Yard Associates and correlated key provisions to contributions required of 20% partner and Donald J. Trump

PENTHOUSE LAND PARCELS
(ADJACENT TO TRUMP PLAZA)

PRE-PLAN BUDGET:

- Discussed status, timing and corresponding costs of litigation with Trump and related these discussions to operating expenses

PLAZA HOTEL - NEW YORK

PRE-PLAN BUDGET:

- Read Trump's monthly base and upside budgets for the calender year 1990
- Analyzed management's monthly profit and loss statements for 1987, 1988, 1989 and the first four months of 1990
- Interviewed operating management as to budgets prepared, capital expenditures, and dates during which Plaza Hotel was under renovation
- Discussed the following with operating management:
 - base and upside budget assumptions
 - timing of Plaza renovations completion
 - planned and required capital expenditures
 - required paydowns of accounts payable
- Calculated increases in monthly operating revenue and net operating income ("NOI") in 1989, subsequent to significant renovations, as compared to corresponding months in 1988
- Judgementally extrapolated these calculated effects of renovations to all of 1989 as an analytical test of NOI for an entire renovated year
- Used Trump's monthly base budget for Pre-Plan Budget
- Computed monthly capital expenditures based upon required amounts provided by management and base FF&E reserve

POST-PLAN - STRATEGIC OPERATIONAL MODIFICATIONS AND GOALS:

- Compared actual results for the first four months of 1990 to the operating management's base plan
- Judgementally determined a Post-Plan NOI at an approximate mid-point between the base and upside budget levels
- Judgementally allocated revenue increases and expense savings to each month from May 1990 through April 1991

TENNIS CLUB (REG-TRU EQUITIES)

PRE-PLAN BUDGET:

- Compared actual results for 1989 and the first four months 1990 to Trump's May 1990 - April 1991 budget
- Discussed significant variations with management

TRUMP AIR

PRE-PLAN BUDGET:

- Analyzed monthly Atlantic City market data on casino win to estimate the seasonality trend of the market
- Applied these seasonality trend factors to Trump Air's annual budget of revenues and expenses to calculate the monthly Pre-Plan Budget
- Discussed anticipated capital expenditures with management and included discussed amounts in monthly Pre-Plan Budget

POST-PLAN - STRATEGIC OPERATIONAL MODIFICATIONS AND GOALS:

- Discussed plans to achieve "break-even" operations and timing with management
- Computed monthly adjustments relating to Trump's assumption as to "break-even" operations commencing as of October 1, 1990

TRUMP PLAZA HOTEL & CASINO
AND TRUMP CASTLE HOTEL AND CASINO

GENERAL PROCEDURES (ALL CASINOS):

- Obtained data from Casino Control Commission
- Conducted telephone interview with Atlantic City Visitor and Convention Bureau
- Obtained Trump survey of May gaming results in Atlantic City
- Calculated growth rates in gaming activity from August - May 1989 as compared to April - May 1990
- Prepared a limited market analysis of gaming activity and supply since 1978
- Estimated supply and demand balance for 1990 and next ten years on a preliminary basis
- Analyzed seasonal and monthly pattern of gaming activity in Atlantic City market over the last four years
- Analyzed and compared summary revenue and operating expense levels at each Atlantic City Casino for 1988 and 1989
- Analyzed table drop, slot handle, and related win for Atlantic City for each month in 1989

PRE-PLAN BUDGET:

- Read financial report to Casino Control Commission for 1988 and 1989
- Read internal monthly reports for 1989 and assembled annual 1989 results by month
- Reclassified monthly allocations of real estate taxes per Trump's budgets to adjust budgeted operating expenses
- Obtained estimates from Trump as to timing and amount real estate tax payments
- Computed NOI as % of gross revenue and NOI before real estate taxes as % of gross revenue
- Calculated reduction in monthly budgeted revenues consistent with annualized market analysis computations
- Adjusted monthly budgeted NOI %'s downward to approximate 1989 actual annual levels for Pre-Plan Budget
- Applied adjusted monthly NOI %'s to adjusted monthly budgeted revenue and deducted estimated real estate taxes in months payable to calculate Pre-Plan Budget operating income

TRUMP PLAZA HOTEL & CASINO
AND TRUMP CASTLE HOTEL AND CASINO (CONTINUED)

PRE-PLAN BUDGET (CONTINUED):

- Correlated resulting annual NOI to other Atlantic City casinos' results for 1989
- Deducted revised capital expenditures on a monthly basis as part of Pre-Plan Budget computations

POST-PLAN - STRATEGIC OPERATIONAL MODIFICATIONS AND GOALS:

- Calculated increase in NOI as % of gross revenue between 1989 actuals and Trump's revised budget
- Judgementally determined to reflect approximately one half of this increase in NOI % used in Post-Plan computations of expense savings
- Distributed these calculated expense savings by month in proportion to Pre-Plan NOI
- Correlated resulting annual NOI to other Atlantic City casinos' results for 1989

TRUMP CORPORATION

PRE-PLAN BUDGET:

3rd Avenue Shopping Center

- Read the 3rd Avenue Shopping Center rent roll for the commercial space, the garage and both 163 and 165 East 61 Street
- Related this data to budgeted rental revenues
- Read the master lease on the 3rd Avenue Shopping Center commercial space, garage and 163 and 165 East 61 Street and related this data to rent expense
- Read analyses of 3rd Avenue Shopping Center, and master lease prepared by the Relationship Bank Group, discussed these analyses with the Relationship Bank Group and related this data to revenues and expenses of 3rd Avenue Shopping Center

Other Items

- Read Trump's schedules of corporate payroll, consulting fees and entity allocations and related indicated expense allocations to other Trump entity budgets
- Read the management agreements pertaining to Trump Tower, Trump Parc, Trump Plaza and Trump Plaza of the Palm Beaches and related this data to budgeted management fees
- Compared revenues and operating expenses with the 1989 and first four months of 1990 actual results and discussed the significant variations with Trump

Trump Sharing of Hyatt Incentive Management Fee:

- Obtained and read property budgets prepared by Hyatt
- Obtained and read draft annual reports of both Regency Lexington partners and accounts maintained by Hyatt
- Obtained and read Hyatt management contract, participating incentive fee sharing agreement, ground rental agreement and partnership agreement
- Analyzed 1988 and 1989 operating performance, financial information and distribution to partners
- Analyzed furniture, fixture and equipment reserve for replacement, base management fee and incentive management fee computations for 1988 and 1989

TRUMP CORPORATION (CONTINUED)

Trump Sharing of Hyatt Incentive Management Fee (Continued):

- Analyzed year to date performance of Grand Hyatt through April 30, 1990
- Correlated historical occupancy and average rate performance of Grand Hyatt to our data base on Manhattan hotel market
- Estimated future occupancy and rate performance of Grand Hyatt consistent with this market study
- Calculated future net operating income at historical percentages
- Assumed, for purposes of prospective computations, that debt maturing, in 1991 would be renewed at existing debt service levels
- Calculated Trump share of estimated future incentive management fee
- Estimated no distributable cash flow to partners, after debt service, ground rent payments and management fees, through April 30, 1991
- Correlated these calculations to Pre-Plan Budget

TRUMP EQUITABLE FIFTH AVENUE COMPANY (TOWER)

PRE-PLAN BUDGET:

- Read the Trump Tower Office/Retail First Mortgage Financing Confidential Placement Memorandum prepared by Bankers Trust Company
- Read the May 10, 1990 rent roll prepared by Bankers Trust Company and related to rental revenues
- Read selected leases and compared the terms of these leases with the terms shown on the rent roll
- Noted that estimated revenues (Pre-Plan Budget) do not include lease income for space occupied by Trump
- Discussed with management, the Bonwit Teller lease buyout and the terms of a lease that is currently being negotiated on the Bonwit Teller space
- Computed the decrease in budgeted monthly revenues from July 1990 for the Bonwit Teller buyout and related the projected buyout payment to Trump's May actual results
- Noted that proposed terms of a lease on the Bonwit Teller space reflect free rent through June 1991 and 100% funding of tenant improvements by lessee
- Read Trump's capital budget and discussed the components of the capital expenditures with operating management

TRUMP PALACE

PRE-PLAN BUDGET:

- Read two projection scenarios developed by Trump as follows:
 - Scenario 1 - "No Sales Beyond Those Units Sold as of May 22, 1990" (75 units pre-sold)
 - Scenario 2 - "The Building will be 50% Sold by 12/31/93 and 50% Rentals"
- Read selected sections of the Offering Plan, including First and Second Amendments
- Calculated the per square foot dollar amounts of both the original and amended asking prices and the projected rental rates for each unit and compared to available comparables
- Analyzed 75 sales contracts in terms of timing, prices and types of units sold
- Obtained and discussed key assumptions with Trump
- Modified selected key assumptions of Trump
- Obtained and read revised monthly construction budget
- Used Trump construction budget to calculate interest payments (We were advised that the construction loan is sufficient to cover "hard" and "soft" costs and to provide an interest reserve through October 1991, based upon Scenario 1)
- Calculated projected cash flow (through October 1991) assuming the 75 residential units would close and 208 units would be available for rent

TRUMP PALM BEACHES CORPORATION

PRE-PLAN BUDGET:

- Discussed marketing plan, status of sales and level of operating expenses with management

POST-PLAN - STRATEGIC OPERATIONAL MODIFICATIONS AND GOALS:

- Trump will negotiate with lender to achieve deed-in-lieu with payment of personal guaranty deferred beyond April 1991

TRUMP SHUTTLE, INC.

PRE-PLAN BUDGET:

- Read Trump's 1990 monthly operating budget which indicates substantially a "break-even" after payment of senior debt service and capital expenditures
- Read Trump's detailed monthly capital budget for June - December 1990 and for 1991
- Discussed budgeted capital expenditures related to regulatory requirements and deferred maintenance for June - December 1990 and 1991 with operating management
- Discussed 1989 and first 5 months 1990 capital expenditures with operating management and related these amounts to future budget
- Discussed the following documents with operating management which indicate Trump's plans for increasing charter revenues, cutting weekend scheduling and reducing payroll:
 - May 1990 Daily Operations Performance
 - May 22, 1990 Revised Budget
 - May 22, 1990 Revised Capital Budget
 - 1990 and 1991 Revised Budget Assumptions

POST-PLAN - STRATEGIC OPERATIONAL MODIFICATIONS AND GOALS:

- Discussed management's plan to institute "no frills" program by October 1, 1990
- Computed adjustments related to monthly Strategic Operational Modifications and Goals

TRUMP TAJ MAHAL CASINO RESORT
(INCLUDING TRUMP TAJ MAHAL REALTY, INC.
AND TRUMP HOTEL MANAGMENT CORPORATION)

PRE-PLAN BUDGET AND POST-PLAN:

- Interviewed selected casino personnel as to slot operations and bus programs in April and May 1990
- Obtained, read and discussed schedules of capital expenditures with operating management
- Obtained, read and discussed schedules of estimated payments to contractors by month in respect of amounts owed as of May 31, 1990
- Reclassified monthly allocations of real estate to adjust total operating expenses
- Obtained estimates from Trump as to timing and amount of real estate tax payments
- Utilized budgeted revenues, adjusted operating expenses, and estimated real estate tax payments to calculate operating income by month
- Utilized estimated payments to contractors and capital expenditures provided by Trump in Pre-Plan Budget
- Adjusted May 1990 revenues and expenses for both effects of Elton John gala and budgeted slot win, using management's data, to reflect gaming activity as if at "normal" capacity and "normalized" use
- Calculated indicated bottom line margin from May 1990 revenues and expenses, as adjusted, as an analytical test
- Annualized gaming win and gross revenues using market wide percentage of May win to annual win
- Applied bottom line %, as adjusted above, to annualized revenue
- Compared this calculated bottom line to budgeted NOI as an analytical test
- Used Pre-Plan Budget as Post-Plan owing to lack of operating history on Taj Mahal

Trump Hotel Management Corporation

- Read provisions of management contract with Trump Hotel Management Corporation and calculated amounts of management fee income on a semi-annual basis
- Assumed monthly payments of lower management fees for Pre-Plan Budget purposes based upon discussion with Trump and lenders.

TRUMP WEST REALTY CORPORATION (TRUMP WILSHIRE)

PRE-PLAN BUDGET:

- Read the Partnership Agreement of Trump Wilshire Associates and related terms to monthly budgeted revenues
- Read Trump's computations for planning/development fees and projected mortgage placement fee
- Compared these computations with budgeted fee income
- Read and discussed Trump's budgeted capital expenditures, and entitlement timing with operating management and correlated the results of these discussions to capital expenditures budgeted
